

A Liberty Mutual Company

Wildfire Response Program Opt-Out Form

I, _____ (“policyholder”) am the owner of the residence premises located at _____ (“Property”), and the named insured under an insurance policy issued Safeco Insurance Company of America or one of its affiliated underwriting companies.

I understand that Safeco has partnered with a wildfire response vendor to provide certain wildfire mitigation services to policyholders threatened by active wildfires, including such preventative steps as emergency fuel mitigation (removing overgrown vegetation, fuel tanks, trash, etc.); use of temporary sprinkler systems; fire engine operations; and/or application of fire blocking gel.

I understand these services are available at no cost to me. The services have been explained to me and I have decided I do not want to participate in the program. By signing below, I opt-out of all services provided and do not permit representatives to enter the grounds of my Property to provide wildfire suppression and structural protection services for the Property described above.

I waive any claim against Safeco or their wildfire response vendor for any damages or liability, including personal injury or property damage, resulting from failure to provide wildfire mitigation services based on my decision to decline to participate in the program. Opting out does not impact any coverage under my homeowners policy.

I make this decision knowingly and voluntarily:

Printed Policyholder Name(s): _____

Signature(s): _____

Policy Number: _____

Date: _____

PLEASE RETURN FORM TO: Safeco Insurance, PO Box 704000, Salt Lake City, UT 84170

Name. _____

Policy # _____
