

Do you have water damage?

Benefits of our vendor programs.

Recovering from water damage to your property can be stressful. That's why we're always here to help you choose the right recovery option.

While you can use a company of your choice, we recommend using one of Safeco Insurance's Mitigation Program vendors¹, who are highly trained in today's most advanced drying technologies. And because they work directly with our Water Mitigation Unit, your claim will be settled faster.

Why choose a Safeco Insurance vendor?

Fast service	For most claims, our vendors will contact you within one hour of reporting your claim and will arrive at your home within four hours.
Pre-negotiated rates	Our vendors have agreed to complete work at pre-negotiated rates, so expenses are lower and you know it will be a seamless experience.
High quality	You can count on our professionally licensed vendors, who have attended specialized training schools, to dry out your home.
Greater efficiency	We work directly with our vendors so your claim is handled quickly and efficiently.

Track your claim anytime, anywhere, with your online account.
